

The Reliever Rig

Mobile Climate-Controlled, Skid Deployed Industrial Restroom Facility

The Reliever Rig is an innovative, environmentally friendly solution for restrooms on construction and emergency response sites. When paired with our industry leading Water and Reclaimer Rigs, The Reliever Rig offers unparalleled workforce relief while enhancing health, productivity, safety, and sustainability. Unique features include separate, climate-controlled restrooms with flushing toilets for men and women, indoor and outdoor handwashing stations, and a safety shower.
